

Saga Prefecture Nuclear Disaster Prevention

There's a nuclear power plant in Saga Prefecture. It's a place where nuclear power is used to make electricity.

Detailed information is on the back

In case of a nuclear accident:

**You don't need to evacuate right away.
Please collect information and wait.**

Follow the 3 points below and stay safe.

Stay indoors

Go inside and close all doors and windows.

Collect information

Collect information via TV and smartphone or ask a friend who knows Japanese.

Don't evacuate right away

Wait for directions from the prefecture, city or town.

How to collect information

To start with

Center for Multicultural Society in Saga
Official LINE account
LINE ID : @921uckas

When a disaster occurs, we share information in multiple languages. Please add us.

LISTEN CAREFULLY

If there's an accident

Follow news on TV or the internet

NHK
Multilingual

NHK
Easy Japanese

Listen carefully to announcements

Evacuation announcements are made with speakers from community centers and cars etc. Please listen carefully.

Enlarged
map

■ Genkai town, Karatsu City and Imari City are close to the power plan, so people in these areas need to be careful in case an accident occurs.
■ People closer than 5km need to be especially careful.

If there is
anything you
don't
understand
please ask!
